Fire Protection Engineer
—Dallas (TX)—

Mead & Hunt, a nationally recognized, award-winning professional services consulting firm, is experiencing unprecedented growth, and we have an exciting opportunity for a full-time, fire protection engineer to join our team. Responsibilities include performing holistic fire protection and life safety code analysis; designing of automatic fire alarm, detection and suppression systems; preparing plans and specifications for bidding and construction; performing quality checks of documents; mentoring less experienced staff; conducting periodic construction site inspections. Entrance onto military bases is an essential function of this position; candidates must be able to pass federal, state, and/or local agency background checks. Travel will be required.

The successful candidate must have all of the following:

- a bachelor's degree or higher in fire protection engineering or related degree from an accredited four-year college or university
- at least five years (10+ preferred) of relevant fire protection design or consulting experience
- a PE license in any state with the ability to obtain in multiple states

The ideal candidate(s) will have any/all of the following: experience acting as the qualified fire protection engineer on military projects; experience with the Uniform Facilities Code 3-600-01; experience performing fire protection and life safety code analysis; experience designing foam and water fire suppression systems including the water supply and distribution analysis; experience designing automatic fire alarm and detection systems; experience performing fire protection acceptance testing and commissioning.

If you have strong communication and organizational skills, are self-motivated, and can work well both independently and as part of a team, complete the online application process for this job posting at www.meadhunt.com/careers OR submit your cover letter and resume (and the pdf application if possible) to the address below. The deadline to apply for this position is **Friday, June 29, 2018**. Interviews are awarded on our review of your ability to meet the qualifications in the paragraphs describing the "successful" candidate and "ideal" candidate, **so be sure to explain where indicated in the online application (or in your COVER LETTER, not just in your resume, if you are applying by mail) how you meet each qualification listed in the paragraphs above.** Mead & Hunt will not sponsor a visa (H-1B, etc.) for this position.
